

Overview of Incentives and Process

With the purchase or lease of a new eligible electric vehicle, customers can receive \$25 in incentives per mile of EPA-rated-all-electric range, up to \$5,000 depending on the vehicle's MSRP.

The total incentive amount for an eligible vehicle is \$25 per mile of EPA-rated all-electric range, as determined by fueleconomy.gov, up to \$5,000 for vehicles with a MSRP under \$45,000, or up to \$2,000 for vehicles with a MSRP between \$45,000 and \$55,000. Vehicles with an electric range of over 200 miles are eligible for the maximum incentive amount, depending on vehicle MSRP.

Find your eligible EV's incentive amount

STANDARD PROCESS

- 1 Dealership enrolls in program
- 2 Customer selects an eligible EV
- 3 Dealer verifies eligibility and completes application with customer
- 4 Incentive is redeemed by dealership and reflected on car purchase or lease
- 5 Dealer submits documents within 14 days for processing

PROGRAM ELIGIBILITY

Customers must fulfil the following requirements for eligibility:

- ✓ Must be a New Jersey resident, and remain a resident for at least 24 months after purchase or lease
- ✓ Must purchase or lease from an eligible New Jersey dealership, showroom, or OEM after the launch of the program, and must maintain ownership or a lease for at least 36 months
- ✓ Vehicle must be new and on the eligible vehicle list
- ✓ Customers may only receive up to 4 incentives from the program throughout the 10-year period the program is active

CHARGING RESOURCES

New Jersey has over 550 public charging stations. You can locate a station nearby using these services:

- ✓ Alternative Fuels Data Center
- ✓ ChargeHub
- ✓ ChargePoint
- ✓ PlugShare
- ✓ EVgo

Additional incentives may be available through local municipality and utility companies.
